

MAK-SYSTEM

INTERNATIONAL GROUP

Position:

Junior React Developer

Location:

Skopje or Belgrade

Reporting to:

Responsible Team Lead

Who we are?

Founded in 1984 and headquartered in London, MAK-SYSTEM is a leading provider of healthcare software for the management of blood, plasma, tissue, and cell products. MAK-SYSTEM is a pioneer in its field, providing leading-edge software for the blood chain management process, from donation through to transfusion. The company is continuously investing in the development of software solutions to shape the healthcare of tomorrow using reliable, secured, and scalable technology. Our offices are located in London, Paris, Madrid, Brussels, Chicago, Frankfurt, Skopje, and Belgrade (for more information, please visit www.MAK-SYSTEM.com).

Who are we looking for?

Our technical team is expanding, and we have a thrilling job opportunity for a junior React Developer who is seeking challenging work in international projects for clients worldwide and wants to contribute to our development and growth.

We are looking for IT professionals to join our brilliant team in Skopje and Belgrade in a junior capacity to help in developing their latest software solutions dedicated to blood, plasma, tissue and cells products.
